BALLISTOL PEPPER-KO

Animal Defence Spray

Product Features

Animal Defence Spray with natural pepper extract

Special Features

Contains 11 % Oleoresin Capsicum (OC): highly concentrated, natural pepper extract; 1.1 % pure capsaicin

Acts on natural reflexes

In Germany freely available without age restriction

Environmentally friendly and biodegradable

FOG version produces a spray up to 4 metres, JET a spray up to 5 metres

Sizes 40 ml and 50 ml are supplied with a panic cap to prevent unintentional spraying, a protective flap with spring function for easy release, belt clip and attachment eyelet.

100 ml with authority cap, 15 ml in lipstick format

Application / Practical Tips

Attention: In Germany Pepper-KO is only admitted to protect against animals, not against humans (Exception: Self-defence situation)

Take into consideration the legal situation in your country.

Defence sprays help in many situations: e.g. in the underground car park, when jogging, cycling or going for a walk.

Take precautions and protect yourself, your family and your beloved four-legged friend with Ballistol Defence Sprays
